The Students Union should keep running the international student's advisory board

Officer Responsible: President

Submitted by: Bayanda Vundamina

Details:

The International Student Advisory Board is composed of 15 international students who provide insights and guidance to the Union and University based on their experiences.

This initiative was prioritised during my tenure, and as I transition out, I hope to see the board continue for a minimum of three additional years.

The board is currently chaired by the International Students Officer. As a collective, they possess decision-making authority within the Union to advise on necessary changes.
